**F. ISLAND BOOTH**

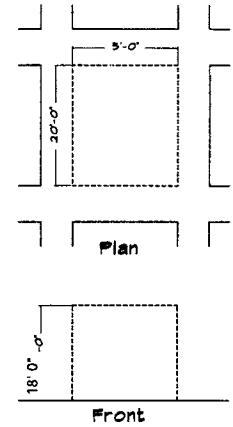

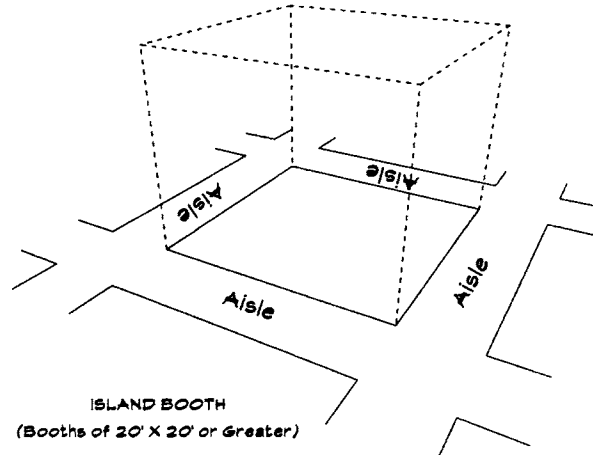

An Island Booth is any size booth exposed to aisles on all four sides.

**Dimensions**

An Island Booth is typically 20'x 20' or larger, although it may be configured differently.

**Use of Space**

The entire cubic content of the space may be used up to the maximum allowable height, which is usually eighteen feet (18'), including signage.

**IMPORTANT NOTE: Exhibitors are urged by Show Management NOT to construct a display in such a manner so as to obstruct ALL sight lines of neighboring exhibitors.**

(This guideline (regulation) deviates from the IAEM revised 2000 Update published Guidelines.)
